Dear Both,

I would just like to express my apologies in regards to the above planning application for not being able to respond sooner, I appreciate that this application is overdue, however HDM are still awaiting further plans from the applicant/agent.

I would like the applicant/agent to provide me with a detailed plan demonstrating tactile crossing points along the Barrington Road to take into account Cllr Nigel Moor objection comments as this would not be deemed unreasonable to provide especially due to the scale of the proposed development.

Kind regards

Richard Jefferies
